

Proven Multi-Site Protection

for Smarter Disease Management

DETECT 400 SC

Active Ingredient: **dithianon**

DETECT 400 SC provides reliable, multi-site preventative control of key fungal diseases in stone fruit, helping protect foliage and fruit while supporting quality yield, and unlike many single-site fungicides, targets the pathogen at multiple points to strengthen resistance management in integrated programmes.

Broad-spectrum preventative disease control

Multi-site activity reduces resistance risk

Good rainfastness & residual protection

Excellent crop safety when used as directed

Effective contact action on fungal spores

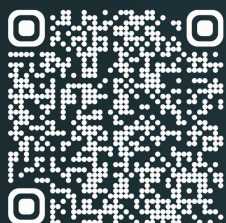

Flexible fit within resistance management programs

GROUP M9 FUNGICIDE
