

End the Season Strong Start the Next One Clean

LOTUS 480 SL

LOTUS 480 SL delivers powerful, **systemic** control of **broadleaf weeds**, helping you create the ideal seedbed for your next crop. With advanced translocation and minimal soil carryover, it's the smart choice for **post-harvest** and **pre-plant** weed management.

Active Ingredient: **dicamba**

Why choose LOTUS 480 SL?

A powerful **systemic** herbicide with strong activity on a wide range of **broadleaf** weeds.

Moves through both xylem and phloem for **complete** translocation in the plant.

Offers effective foliar **burndown** with minimal long-term soil **carryover**.

Perfect for **post-harvest** and **pre-plant** weed control strategy.

Reducing **early** weed pressure and improving **seedbed** conditions.

GROUP 4 HERBICIDE
